REPORTS

1. "The Underwater World of Florida's Seagrasses" Brochure - Florida Marine Research Institute, 100 Eighth Avenue, S.E., St. Petersburg, Florida 33701-5095.
2. "Scarring of Florida's Seagrasses: Assessment and Management Options". F.J. Sargent, T.J. Leary, D.W. Crews and C.R. Kruer. Florida Marine Research Institute Technical Reports TR-1. Florida Department of Environmental Protection. 1995. 72pp.
3. "The potential role of the pathogen *Labyrinthula* in seagrass *Thalassia testudinum* mortality in Florida Bay". Barbara A. Blakesley, Jan H. Landsberg, Angela Baker, Gil McRae, Michael J. Durako, Jeffrey R. Hall, Ruth O. Reese, Justin R. Styer, Florida Marine Research Institute, Florida Department of Environmental Protection, 100 Eighth Ave. S.E., St. Petersburg, Florida 33701-5095. Poster Presentation Abstract - Florida Bay Science Conference, December 10-12, 1996.
4. "Estuaries, The Cradle of the Ocean". Brochure - Florida Marine Research Institute, 100 Eighth Avenue, S.E., St. Petersburg, Florida 33701-5095.
5. "If you're boating in John Pennekamp Coral Reef State Park be cautious in the Seagrass Meadows." Brochure - Florida Department of Environmental Protection, Division of Recreation and Parks.
6. "If You're Boating in The Lignumvitae Key Area Be Cautious In The Seagrass Beds." Brochure - Florida Department of Environmental Protection; Division of State Lands, Division of Recreation and Parks and the Division of Marine Resources.
7. "Seagrass Preservation and Restoration: A Diagnostic Plan For The Indian River Lagoon". St. Johns River Water Management District. Technical Memorandum #14. April 1996. 18pp.
8. "Background Information and Recommendations for an Outreach and Education Program to Protect Seagrass Habitats from Boating Impacts in the Florida Keys National Marine Sanctuary". Curtis Kruer, Florida Keys Environmental Restoration Trust Fund, Florida Audubon Society, Summerland Key, Florida. Prepared for the "Seagrass Summit", March 25, 1998. Key Largo, Florida.
9. "Owner's Guide To America's Most Diverse Estuary System". Indian River Lagoon National Estuary Program. 37pp.
10. "Everglades, Florida Bay ... A Subtropical Wilderness." Brochure - Everglades National Park, National Park Service, U.S. Department of the Interior.

11. "A Guide to Planting Seagrasses in the Gulf of Mexico". Mark S. Fonseca. Texas A&M University Sea Grant College Program. TAMU-SG-94-601. 27pp.
12. "Seagrasses in Florida Bay". Florida Bay Watch Report. The Nature Conservancy, P. O. Box 420237, Summerland Key, FL 33042, 7pp.
13. "Seagrasses Found in Florida: A Guide to the Marine Flowering Plants". Florida Department of Environmental Protection, Bureau of Protected Species Management, Mail Station 245, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000. 8pp.
14. "An Environmental Guide for Personal Watercraft Operators". Brochure - Personal Watercraft Industry Association, 1819 L Street NW, Suite 700, Washington D.C. 20036
15. "Is Uncontrolled Boating Damaging Thousands of Acres of Florida's Submerged Seagrass Meadows?" An Information Package Prepared by: Wilderness Society, Florida Keys Audubon Society, and Lewis Environmental Services, Inc. 36pp.
16. "Mapping Assessment of Vessel Damage to Shallow Seagrasses in the Florida Keys". Curtis R. Krueger, P.O. Box 420334, Summerland Key, Florida 33042. A report to the Florida Department of Natural Resources and the University of South Florida/Florida Institute of Oceanography. January 1992
17. "The Ecology of the Seagrasses of South Florida: A Community Profile". Joseph C. Zieman, US Department of the Interior, FWS/OBS-82/25, September 1982
18. "Guidelines for the Conservation and Restoration of Seagrasses in the United States and Adjacent Waters". Mark S. Fonseca, W. Judson Kenworthy, and Gordon W. Thayer, NOAA's Coastal Ocean Program Decision Analysis Series No. 12, November 1998
19. "Propeller Scar Monitoring Program for the Tampa Bay National Estuary Program". Contract No. T95-03-A2, Frank Sargent, et al., 1996
20. "Beds, Boats, and Buoys: A study in protecting seagrass beds from motorboat propeller damage". Ruth Folit and Julie Morris. 1992
21. "Florida's Seagrass Meadows – Benefiting Everyone". Florida Fish and Wildlife Conservation Commission- Florida Marine Research Institute, June 2001.
22. "Personal Watercraft & Sea Grass Flats, A guide to Environmental Protection." Brochure - Personal Watercraft Industry Association, 1819 L Street NW, Suite 700, Washington D.C. 20036
23. Grey Literature: "Indian Key Demonstration Seagrass Restoration Project – Final Evaluation and Recommendations" Patricia McNeese, Manager, FL Keys Environmental Restoration Trust Fund, May 4, 2001
24. Kenworthy, W.J., M.W. Fonseca, P.E. Whitfield, K. Hammerstrom, and A.C. Schwarzschild. 2000. A comparison of two methods for enhancing the recovery of seagrasses into propeller scars:

mechanical injection of a nutrient and growth hormone solution vs. defecation by roosting seabirds. NOAA Coastal Ocean Program Decision Analysis Series No. 12. 40 pp.

25. Kruer, C.R., R. R. Lewis, J.W. Kenworthy and P.L. McNeese. 1996. Restoration of prop-scarred seagrass flats at Lignumvitae Key State Botanical Site, Florida Keys. Proposal in response to Florida Department of Environmental Protection Solicitation Number 9603C entitled, "Request for Proposals for the Marine Resources Grants Program." 9 pp.
26. Kruer, C.R. 2001 (in preparation). A report on two seagrass restoration projects in the Lignumvitae Key State Botanical Site Management Area, Monroe County, Florida – construction and time zero and year one monitoring results. Florida Keys Environmental Restoration Trust Fund, Tavernier, Florida.
27. Sargent, F.J. and M.M. Colby. 1998. Lignumvitae Key State Botanical Site Propeller Scar Study. Florida Department of Environmental Protection, Florida Marine Research Institute, Coastal and Marine Resource Assessment. 13 pp.
28. Sargent, F.J. and M.M. Colby. 1999. John Pennekamp Coral Reef State Park Propeller Scar Study. Florida Department of Environmental Protection, Florida Marine Research Institute, Coastal and Marine Resource Assessment. 9 pp.
29. Sargent, F.J., T.J. Leary, D.W. Crewz, and C.R. Kruer. 1995. Scarring of Florida's seagrasses: assessment and management options. FMRI Tech. Rep. TR-1. Florida Marine Research Institute, St. Petersburg, Florida. 37 p. plus appendices.
